

Dear \_\_\_\_\_ ,

I wanted to get the names and the contact information to you for several good folks in the mortgage business in our area. All are capable and caring people, so I am listing in alphabetical order by their company names. Whoever of these you contact, you can be confident that they will be professional and helpful.

***[Remember that getting your financing secured early in the process of buying a new home or property is VERY important. Doing so will tell you what amount you will be able to borrow and establish a price range for your search. It will also give you a good idea of what your monthly note will be. Most importantly, when you are pre-approved for your loan, your offer on your dream home or property will be much more credible to the seller. An offer accompanied by a pre-approval letter is second in impact only to a cash offer!]***
